ADDITIONAL FUNCTIONALITY

pedidos@dromoseurope.com

Dromos offers an exclusive selection of additional accessories that can be customized to your needs and preferences, ensuring maximum comfort and functionality in our wheelchairs.

Our range of accessories has been designed with the goal of improving the daily experience of our users, providing them with greater autonomy and comfort.

ACCESSORIES AVAILABLE

- **Elevating Legrests:** Ideal for those who need to keep their legs elevated for health reasons or greater comfort. These legrests are adjustable, allowing you to find the perfect position to reduce pressure and improve circulation.
- **Anti-tip Wheels:** Safety is essential in Dromos. Our anti-tip wheels provide greater stability, preventing falls backwards, especially on uneven terrain or when climbing ramps, giving the user more confidence and peace of mind.
- **Backrest Extender:** Designed for those who need extra back support. This supplement easily adapts to the chair, offering lumbar or dorsal support according to the user's needs, helping to maintain correct posture and reducing the risk of pain or injury.

We offer an exclusive selection of accessories that can be added to wheelchairs according to user's preferences.
